Key sources EXCLUSIVE to LexisLibrary include:

Halsbury's Laws of England

Halsbury's Laws of England covers the whole spectrum of English law and is designed to enable practitioners to answer the full range of questions likely to arise in the course of their work, especially those which fall outside their own fields of expertise.

Encyclopaedia of Forms and Precedents

The Encyclopaedia of Forms and Precedents is the United Kingdom's most comprehensive source of transactional precedents. It covers everything that both the specialist and non-specialist lawyer in non-contentious fields of practice is likely to encounter.

The Encyclopaedia contains over 19,000 forms and precedents covering in detail areas such as sale of land, landlord and tenant, commercial law, wills and trusts, and family law. It also includes checklists, procedural tables and guidance on land registration, stamp duty and tax.

Atkin's Court Forms

Atkin's Court Forms is the United Kingdom's only Encyclopaedia of Civil Litigation Forms, Precedents of Pleadings and Procedure.

Covering over 130 practice areas, this work provides practitioners with a truly unrivalled collection of the main procedural documents required in every civil proceeding before the courts and judicial tribunals of England and Wales.

All England Law Reports

The All England Law Reports is a general series of law reports enjoying an unrivalled reputation in all common law jurisdictions.

Updated weekly, the archive provides, in full text, cases heard by the Supreme Court, the Privy Council, both divisions of the Court of Appeal and all divisions of the High Court in a consistent and highly readable style.

"The package of LexisLibrary and LexisPSL is comprehensive and easy to use. There are good links and it makes research much quicker. There is an excellent search engine and, starting with minimum information, I'm impressed by how it turns up the relevant cases. The time savings are tremendous, in the region of 20 per cent across the company."
