- You can narrow your results by clicking on the keywords on the left, OR limit your results by ticking Full Text, References Available, Source Type or moving the Publication Date filter bar on the left.
- Click on an article title to see an abstract or the full article if it is available. Full text links may take you to the **Science Direct** database.
- You can print, email or download the article by clicking on these icons, OR if you are doing more than one search, you can move the relevant items to the **Folder** and output all your articles together.
- An Advanced Search option is available and when your session is completed, Exit.

To find an article in a specific journal

- At the Search page, click on the Publications link at the top left;
- In the Browsing search box, enter the journal title eg. New Scientist, and click on Browse;
- If available on EBSCO, the journal title will appear;
- Click on the title and the publications details will appear, showing what period is covered and whether full text is available or not;
